THE PRESIDENT'S REPORT

We are into the colder and wetter month, but I hope that will not deter the great number of members turning up at meetings, especially as we have both warmth and space in the Chatt Centre. Meanwhile the log book signing is going along well.

Don't forget it's the AGM coming along next month and if you think you'd like to join the committee, get a nomination form to the Secretary ASAP.

See you at the AGM and the Handover Lunch.

Best regards,
Dick Penhall.

THE SECRETARY'S REPORT

What a month for ups and downs of varieties!

On the up side, we have a busy General Meeting with lots of subs being, the Snowtown Shed Day, more bookings for the Melrose campout, plus a good showing on the streets of the Copper Coast for the Cavalcade of cars.

On the down side, a number of members have suffered or continue to suffer from health issues.

Rod Nixon, our Vice President was a SAAS client and it was just as well he was put on the RFDS 'plane to Adelaide. Rod had excruciating back pain and always had the injury of a teenage accident in the background. Also in Maitland, our Patron, Harold Darling suffered a setback recently, but I believe he is back home. Joy Birkin is lucky to have a nursing daughter who picked up a symptom. However, Joy has a way to go before she gets the all clear. Also, a couple of other members have been recovering from long term illness.

Then, finally, some dark force enters the Secretary's fit and healthy body, leaving me feeling the worst I can remember. All I can say is that my vital signs are measured in the interest for old cars, walking the dog and another subject that should not be mentioned. Let's just say that none of the needles fluttered on any of the gauges, apart from the temperature one which was in the red!

Now let's look at the up side - the fact you've got this newsletter means things are improving for me at least!

CAVALCADE OF CARS

For the Cavalcade of Cars, I estimate that a score of MAPS cars were in the actual run. For \$40, I reckon it's a reasonable expectation to have an entrants program or list and even more to expect sufficient toilets at the finish. I have reported both these points. Starting area and marshalling was good, but

the knowledge of the start commentator was lacking compared to previous years. The way in the finish area was pretty good; different and well marshaled into two lanes. No hoons either.

Probably close on 600 vehicles, so do your math's. However, don't forget possible insurance, policing and marshaling costs. It's really a case of you pays your money and you take your choice. We were lucky to get a fair group of the MAPS people together, so as to share lunch. For those who chose to take the roadside view, I'd have reckoned you'd have had a very good day too.

Here's another view of the day from Brenton Goodfellow;

Waiting two years to the next Kernewek 2009; lots to do, seats to be upholstered, fixing the radiator etc. This year my brother in law Ian and his son Matthew came down from Woodcroft to be in the cavalcade with me and my son Troy. But I had told them I'd have them up for 5.30 am. - They thought I was joking. My good wife Jayne packed our lunch for the day for everyone, Sunday morning came and I had the pleasure of getting everyone up at 5.20 am as I couldn't sleep. I made them all toast, got everyone organized and we said goodbye to the girls as they were not coming. We'd be seeing them later on the Kadina Oval. We made our way to Wallaroo where we met up with Graham Littler in line for the cavalcade. It was a good day; 500 cars was a good turnout and everyone had a great day. Looking forward to Kernewek 2011.

Brenton Goodfellow.

SOME NEWS OF OUR YOUNGER MEMBERS

Hi Mike,

Just thought we would drop you a note on what the boys have been up to.

Ashley and Joshua have recently participated in the Junior Development Program at Lanac Park.

Southern Districts Car Club run a program for young Drivers so they can obtain their CAMS License. The program gives 12 year olds + the opportunity to learn to drive and be able to obtain skills to handle a vehicle responsibly under the instruction of qualified instructors. The vehicle and all safety equipment is provide for the students.

The Track at Lanac Park Mount Compass was wet and slippery on Saturday and this made for challenging driving for the boys. The Junior Development Program is a CAMS (Confederation of Australian Motor Sport) officially run Program and there is a CAMS official, clerk of the Course and Officials, Marshalls on track. All Volunteers are from Southern Districts Car Club.

I have attached a couple of Photos.

Southern Districts Car Club are holding Adelaide Hills Tarmac Rally SARC RD1 Southern Adelaide Hills on May 30-31

Michael and I have the opportunity to gain our basic accreditation and work with a team of CAMS officials..

watch out Bathurst here we come... well maybe in a few years Flag marshal and scrutineering hopefully,

Say hi to Mary and Molly

Regards

Felicity & Michael

MEANWHILE, THE SENIOR MAPS MEMBERS WERE UP TO THEIR TRICKS IN THE SATURDAY MOONTA PARADE— HERE WE HAVE THE ROSE'S IN THE CHEV TRUCK, DRESSED UP FOR THE LOCAL PROBUS GROUP

SHED DAY AT SNOWTOWN, MAY 31st

This was another huge success, due to over eighty members of MAPS, PADARC, A7SA, plus an interstate Austin visitor enjoying the great hospitality offered by Steve and Barbara Muirhead. A MAPS convoy headed off from Kadina, travelling via Bute and down into Snowtown, where the main street was already packed with the PADARC cars— a great display. When we were not looking at Steve's cars or goodies, we seemed to be eating.

Ian Jones of the A7SA told me of his failed trip to Perth in the diminutive Austin. This was due to electrical problems, but the story as to how he sourced the bits to get home, as well as the repairs were a tale in themselves, especially when had to meet a west bound road train at 2 AM in the morning.. He said it was like a huge monster that slowly thundered to a stop on the Eyre Highway!

For those who had not seen Steve's cars, I think it was something of an eye opener, due to the number and variety. Mere mortals just tell their wives, "I'm in the shed." Word has it that Steve has GPS and is heard to say, "I'm going off to Humber 11! in Shed 3" Anyway, it was a great day and I am sure all those who attended had a most enjoyable time.

Thank you to Barbara and Steve for all the hard work— days like that don't just happen.

Mike O

NAME BADGES; I will shortly order name badges for;

Alec Anderson, Jenny Penhall, Brian Kaehne, Frank and Maxine Stennett, Barbara (GL), Jim Davies.
