MAGAZINES OF DELIGHT

If like me you get fed up with the run of the mill car magazines, so often full of out of date adverts for cars long sold, or articles simply churning out the cliché full phrases on mediocre cars, then I recommend a look at the “Automobile” and “Octane” both UK produced.

Octane has a wide range of vehicles, nearly all out of my reach and of all ages. Automobile deals with mainly pre 1960 vehicles, with period photos and well written articles from highly knowledgeable people.
